I have had two control arms and 2 new frames delivered. In the process a strut bushing or two have come apart. The DRV Straps are off the shelf items to my recollection. I will use the srl manuals and I think that should do. I just need to send a few pics of the frames to my tech so they can make sure the parts order is correct. I have had a good experience with this site. Thanks Again -Aug 11 - 2008 WikisourceThanx again Mr. Moto. I'm sure I'll have no trouble at all with the garage door opener.
